Instant Boiling Water | Instant Power Savings

Used by millions around the world each day, Zip leads the world in instant boiling water.

Australian-designed and Australian-made Zip instant boiling water systems are exported to more than sixty countries, and are installed in such landmark buildings as the Houses of Parliament, London, plus a host of city and suburban offices, public buildings, universities, factories, defence bases and ships at sea, as well as in homes and apartments throughout the United Kingdom, Europe, South Africa, the Middle East and South-East Asia.

Major hospitals, clinics, public buildings, universities and schools in more than 60 countries are Zip instant boiling water users.

For free expert advice on the right Zip for your needs, dial **1800 42 43 44** and ask for a Zip representative to call.

Upgrade and save with a new Zip Hydroboil. Cuts operating power costs by as much as 55%!

Reported weekly power usage

Typical laboratory test results
Comparison of five-litre heaters

Table shows estimated weekly consumption without provision for water draw-off. Each 176mL cup drawn off = approximately an added 17 watt-hours of power. Estimated power usage is based on continuous operation except where noted.
*Sleep mode = 7 day test, sleep effective 7pm to 7am Mon-Fri, all day Sat-Sun
**On/off timer = 7 day test, set to turn off 5pm to 7am Mon-Fri, all day Sat-Sun.

Only Zip brings you twin-chamber technology for unrivalled energy-efficiency:

Zip PTFE metering tube regulates water inflow so set water temperature is maintained.

Zip twin chamber technology stores incoming cold water separately from boiling water.

Zip steam-heat-boost system recycles energy from steam to pre-heat incoming cold water.

Zip moulded high temperature insulation gives superior heat retention, minimizes heat loss.

Zip Hydroboil for workplace kitchens

Featuring advanced electronic temperature control, a cool-touch two-way safety tap, twin-chamber boiling technology with stainless steel boiling chamber, plus advanced electronic energy-saving features. Zip GlobalPlus 0.2 micron filtration is standard. Five year pro-rata warranty on tank, two year parts and labour warranty on heater.

Zip Hydroboil WHITE STEEL CABINET

Nominal capacity (litres)	3.0	5.0	7.5
Boiling cups at one time	18	30	45
Recovery: cups per hour	100	150	150
Power rating (kW)	1.5	2.4	2.4
Order code	HB1001	HB1003	HB1005
Cabinet WxDxH (mm) (standard cup 167 mL)	289x180x431	318x198x465	318x198x578

Zip Hydroboil STAINLESS STEEL CABINET

Nominal capacity (litres)	3.0	5.0	7.5
Boiling cups at one time	18	30	45
Recovery: cups per hour	100	150	150
Power rating (kW)	1.5	2.4	2.4
Order code	HB1002	HB1004	HB1006
Cabinet WxDxH (mm) (standard cup 167 mL)	289x180x431	318x198x465	318x198x578

Zip Econoboil for site sheds & short-term tenancies

Featuring thermostatic temperature control, a simple two-way safety tap, twin-chamber boiling technology with copper boiling chamber, plus 24/7 on/off power clock, turning power on/off up to 5 times per day, to meet the requirements of J6.6 of the Building Code of Australia. Unfiltered is standard. One year parts and labour warranty on tank and heater.

Zip Econoboil WHITE STEEL CABINET

Nominal capacity (litres)	3.0	5.0	7.5
Boiling cups at one time	18	30	45
Recovery: cups per hour	100	150	150
Power rating (kW)	1.5	2.4	2.4
Order code	EB1001	EB1002	EB1003
Cabinet WxDxH (mm) (standard cup 167 mL)	289x180x431	318x198x465	318x198x578

Zip Hydroboil for commercial kitchens

Featuring advanced electronic temperature control, a cool-touch two-way safety tap, twin-chamber boiling technology with stainless steel boiling chamber, plus advanced electronic energy-saving features. Zip GlobalPlus 0.2 micron filtration is standard. Five year pro-rata warranty on tank, two year parts and labour warranty on heater.

Your choice of Zip Hydroboil is so right. See why it pays to buy the best: energy-efficient Zip Hydroboil.

Tap locks ON for filling larger pots.

Safety lock prevents accidental use.

Fingertip control for safe cup filling.

Boiling water instantly.

No more time wasted waiting for water to boil. Zip Hydroboil makes your kitchen so efficient! You have boiling filtered water always on tap, for tea, coffee, soup and all cooking.

Reduces energy costs.

Electronic Power-Pulse™ power control maintains boiling water temperature precisely, within 0.2°C – and, with the inbuilt 24/7 on/off timing system, can reduce operating power costs by up to 55%.

Easier and safer to use.

Far simpler to use than earlier instant boiling water systems, Zip Hydroboil also has a cool touch tap, and a handy safety lock to eliminate the risk of accidental use.

Every drop is filtered.

New 0.2 micron Zip GlobalPlus™ filtration filters out bitter-tasting chlorine and impurities as tiny as 1/5000 of a millimetre, for better tasting (and healthier) tea and coffee.
